Historical Society Museum Staff Speak at February Club Meeting

This week's mug shot is of Prez Mike presenting a mug to our 2-24 guest speaker, Anna Kowalchuk, Livingston County Historical Society Museum Administrator. To Mike's left is Sally Wood, President of its Board.

Anna used a PowerPoint presentation to walk us through the many capital improvements undertaken at the facility during its recent expansion and renovation to improve accessibility. More to come in that regard.

She also recognized PP David Parish for his many contributions to the advancement and promotion of the LC Historical Society.

(Submitted by PP Matt Gaynor)

PDG Visits Club

**Past District Governor
 Norma Madayag-
 Reilly, and her husband
 Gary, visited our club
 meeting on
 February 24th.**

**April is Rotary's Maternal and
 Child Health Month**

Our members improve access to essential medical services for mothers and their children. These efforts are aimed at reducing the number of children under age five who die each year because of malnutrition, inadequate health care, and poor sanitation – a figure that is currently estimated at 7 million.

According to another estimate, more than 80 percent of maternal deaths can be prevented with access to reproductive health services and trained health care workers. Our members provide education, immunizations, birthing kits, and mobile health clinics to support these causes. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease.
